Summary

Backend Developer with 3 years of experience building scalable and efficient systems using Python, Django, and FastAPI. Skilled in serverless architectures, RESTful API design, and cloud services (AWS), with a strong focus on performance optimization and reliability.

Experience

Backend Developer, Habi – Colombia   Apr. 2023 – Oct. 2024

- Built serverless APIs and microservices using AWS Lambda, FastAPI, and Python, improving system-to-system communication and backend performance.
- Implemented scheduled tasks with AWS EventBridge Scheduler, reducing manual operations and cutting task times by 60
- Designed DynamoDB schemas for event-driven workflows, enabling time based triggers and improving system traceability.
- Built and integrated serverless APIs with AWS Lambda using Python and FastAPI, enhancing communication between systems and optimizing backend processes.
- Developed and maintained internal CRUD endpoints with FastAPI and wrote unit tests with Pytest, achieving 90% test coverage.
- Created Lambda functions for automated email workflows, enhancing internal communication and notification efficiency.

Product Manager, Tributi – Colombia   Aug. 2022 – Nov. 2022

- Designed UX improvements in Figma based on user behavior and support feedback.
- Analyzed A/B experiments using SQL to optimize pricing page conversion.
- Collaborated with developers to prioritize features and improve delivery cadence.
- Learned to manage and prioritize the tasks of a development team.

Backend Developer, Tributi – Colombia   Feb. 2022 – Aug. 2022

- Integrated Sendinblue API for automated email notifications.
- Automated internal deployment processes using custom scripts.
- Improved API serializers in Django REST Framework to expose new data for frontend use.
- Built custom data migrations to fix invalid ID formats, improving database integrity.

SEO Specialist, Platzi - Colombia   Feb. 2021 – Dec. 2021

- Optimize platform courses to appear on the first page of Google results.
- Build interlinking between blogs and tutorials to help the positioning of courses and classes.

Skills

Soft Skills Problem solving, Teamwork, Communication, Time Management
Languages: Python, JavaScript, SQL, HTML, CSS
Frameworks: Django, Django REST Framework, FastAPI
AWS: DynamoDB, Lambda, EventBridge, Cloudwatch, SQS, S3
Databases: PostgreSQL, MySQL
Tools Docker, Git, Postman

Education

Maracaibo II, Bachiller   2012
